Dear Patron,

**YOU CAN HELP MAKE OUR COMMUNITY A BETTER PLACE AND RECEIVE THE HONOR OF BECOMING A FOUNDING MEMBER!**

My name is Candice McCoy. Besides being a teacher in Martin County for over 20 years and adjunct professor at FAU, I am a certified 200 Yoga Alliance Certified Instructor with over 3000 hours of experience. I have three children and am a Ph.D. candidate.

I am the Founder and Executive Director of The Healing House. The Healing House was established as a non-profit 5013c on October 6, 2016, and our mission is to make Stuart, Florida a Center for Mindfulness, Peaceful Expression, and Conflict Resolution, serving Florida and United States. The holistic training needed for this Harvard approved program is provided by The University of Massachusetts Medical School.

To create and maintain this monumental opportunity that will assist children, teens, and adults' well-being and teach them how to self-regulate and reduce daily stress, we need your support.

We are seeking donations to help fund the training to enable The Healing House to make Stuart a center foundation, where all classes and future training will be held. This initiative is like no other and will tremendously benefit people of all ages. Therefore, as a valued community member, you will be enhancing and changing the lives of thousands of children, teens, and adults by donating.

**Special Recognition:** The first 25 donators that contribute \$1000.00 or more will receive the special honor of becoming a Founding Member. Other options are \$500.00 and \$200.00 increments.

If you would like to make a donation, please complete the following form and make a check payable to The Healing House, Inc.

If you have any questions or need more info, please contact Candice McCoy at 561-222-6057.

We look forward to taking with you,

Candice McCoy

*Executive Director and Founder of The Healing House, Inc.*
